**CUSTOMER
201**

3 ORDERS

3210-3216-3217

The diagram illustrates a many-to-one relationship between two entities, 'Customer' and 'Order'. A horizontal line connects the two entity names, which are enclosed in dark blue rectangular boxes. On the 'Order' side of the line, there is a crow's foot notation consisting of a vertical line segment and three diagonal lines that meet at a point. This notation is highlighted with a yellow circle. Above this circle, the text 'MANY SIDE' is written in a dark blue, sans-serif font. Below the line, the text 'One customer can have many orders' is written in a dark blue, sans-serif font. The background of the slide is white, with some blurred elements on the left side. In the top right corner, there is a small icon of a person and a toggle switch. In the bottom right corner, there is a small red YouTube 'Subscribe' button.
